

Literacy4Life

The Bible Society in Northern Ireland joins with other Bible Societies as the United Bible Societies to achieve the most effective translation, publication, and distribution of the Bible in all the languages spoken today.

BSNI recognises that the current levels of literacy worldwide are very low and that we need to take some responsibility for changing this and helping people to improve their lives through learning to read and write.

Today one in five adults are illiterate.

BSNI wants to help these people through Bible-based literacy classes, New Reader Portions, Braille Bibles, and listening groups. Training people to become literate through the teaching of God's Word, BSNI hopes that many people's lives will be changed as they learn about the love and salvation that Christ offers.

Literacy4Life is a Bible Society initiative that helps churches engage with the worldwide mission of spreading God's Word through literacy. Projects are run in many countries across the world, promoting Bible-based literacy and encouraging people to take life-changing opportunities as they delve into the Word of God.

If you would like any more information on Literacy4Life or how this church is supporting the strategy, then please speak to either the minister or mission-coordinator.

We can help change lives through literacy.
