

Update 4: Earthquake in Chile

Javier García, Communications Officer of the Chilean Bible Society, asks the UBS fellowship to pray for the government and the economy of Chile.

In the aftermath of the earthquake and the resulting tsunami, please pray:

For wisdom for Chile's new president, Sebastian Pinera, and his ministers: may they take wise decisions regarding the country's reconstruction.

For job security: that companies may continue to generate revenue and that employees may keep their jobs

For the thousands of students who will begin their courses six or eight weeks behind schedule.

For the Bible Society's finances: may God provide the Chilean Bible Society with enough resources to sustain itself as an organisation, printing more Bibles, tracts and children's literature.
